

# S. PEACE NISTADES

## COMPOSER

Award-winning film composer **S. PEACE NISTADES** has scored numerous films in over six countries worldwide based out of his music production facility, **ALKALOIDE MUSIC PRODUCTIONS**, in Los Angeles, CA. He has collaborated with such artists as **Lisbeth Scott** (*The Passion of the Christ, Munich*), **Karen Han** (*Pirates of the Caribbean: At World's End, Kung Fu Panda, The Hurt Locker*), **Gingger Shankar** (*Charlie Wilson's War*), and Grammy Award-winning artist **Darlene Koldenhoven** (*Yanni: Live at the Acropolis*).

His versatile body of work range from the dark and haunting score for the psychological thriller **DARK WOODS** (starring *James Russo*) to the quirky, jazzy score for **PHIL COBB'S DINNER FOR FOUR**. His score for Jacob Chase's short thriller **PATIENT ZERO** and for Musaab AG's short psychological thriller **THE TRAVELLER**, which he co-wrote with Norwegian composer **Anders T. Røshol**, received high praise and both films premiered at the *Cannes Film Festival* in 2011. His music has been called 'a tour de force, invigorating' (Steven Cerritos, director) 'perfect' (Dark Woods review) and 'enlivens every scene with a brilliant blend of tension and closer' (Bryan Felber, director).

S. Peace's most recent work is Felicia Day's new series **DRAGON AGE: REDEMPTION**, based on EA/BioWare's critically acclaimed DRAGON AGE games. The series is directed by *Independence Day* associate producer **Peter Winther** and was released worldwide Fall 2011. His score for **DRAGON AGE: REDEMPTION** was also featured in EA/BioWare's latest DLC game release **DRAGON AGE II: MARK OF THE ASSASSIN**.

Alongside film work, S. Peace also works on albums as composer, performer and arranger. His memorial piece for HRH Princess Galyani Vadhana of Thailand, **IN MEMORIAM**, was invited to be one of the nine pieces featured in the PRAKOMPLENG PRALENG TAWAI Memorial CD Project. He was also asked to work on the single KAM SARB by the Thai rock band ZEAL, which went on to become a top hit in Thailand. He continues to collaborate with artists including **Jason Charles Miller** (*Godhead*) and **Mitchell Marlow** (*Filter*) to name a few. S. Peace and his team are equally at home with both scores and songs, collaborating with numerous bands on original songs for several of S. Peace's film projects.

His team at **ALKALOIDE MUSIC PRODUCTIONS** includes Grammy Award-nominated producer and engineer **Ken Goerres**, award-winning mastering engineer **Mitch Zelezny** (*Paul Haslinger, Graeme Revell*) along with a plethora of orchestrators, recording engineers, music editors and talented musicians from around the world.
